System No. 4500231

Churn Creek Golf Course Inc.
Churn Creek Golf Course Water System
7335 Churn Creek Road
Redding, CA 96002

CITATION NO. 01_75_19C_004_4500231_23 TOTAL COLIFORM MONITORING VIOLATION FOR FIRST QUARTER 2019

Enclosed is Citation No. 01_75_19C_004_4500231_23 (hereinafter "Citation"), issued to the Churn Creek Golf Course (hereinafter "Water System"), public water system. Please note that there are legally enforceable deadlines associated with this Citation.

The Water System will be billed at the Shasta County Environmental Health Division (hereinafter "SCEHD"), hourly rate of \$129.83 for the time spent on issuing this Citation. California Health and Safety Code, (hereinafter "CHSC"), Section 116577, provides that a public water system must reimburse the SCEHD for actual costs incurred by the SCEHD for specified enforcement actions, including but not limited to, preparing, issuing and monitoring compliance with a citation. At this time, the SCEHD has spent approximately one hour on enforcement activities associated with this violation.

Any person who is aggrieved by a citation, order or decision issued under authority delegated to an officer or employee of the state board under Article 8 (commencing with CHSC, Section 116625) or Article 9 (commencing with CHSC, Section 116650), of the Safe Drinking Water Act (CHSC, Division 104, Part 12, Chapter 4), may file a petition with the State Water Board for reconsideration of the citation, order or decision.

Petitions must be received by the State Water Board within 30 days of the issuance of the citation, order or decision by the officer or employee of the state board. The date of issuance is the date when the Division of Drinking Water mails a copy of the citation, order or decision. If the 30th day falls on a Saturday, Sunday, or state holiday, the petition is due the following business day by 5:00 p.m.

SHASTA COUNTY ENVIRONMENTAL HEALTH DIVISION

Name of Public Water System: Churn Creek Golf Course

Water System No: 4500231

Attention: Churn Creek Golf Course Inc.

7335 Churn Creek Road

Redding, CA 96002

Issued: April 22, 2019

**CITATION FOR NONCOMPLIANCE WITH
CALIFORNIA HEALTH AND SAFETY CODE, SECTION 116555(a)(1) AND
CALIFORNIA CODE OF REGULATIONS, TITLE 22, SECTION 64423**

**TOTAL COLIFORM MONITORING VIOLATION
FIRST QUARTER 2019**

The California Health and Safety Code (hereinafter "CHSC"), Section 116650 authorizes the Shasta County Environmental Health Division (hereinafter "SCEHD"), to issue a citation to a public water system when the SCEHD determines that the public water system has violated or is violating the California Safe Drinking Water Act (hereinafter "California SDWA"), (CHSC, Division 104, Part 12, Chapter 4, commencing with Section 116270), or any regulation, standard, permit, or order issued or adopted thereunder.

1 The SCEHD, acting by and through the Division of Drinking Water (hereinafter "Division"), and
2 the Deputy Director for the Division, hereby issues Citation No. 01_75_19C_004_4500231_23
3 (hereinafter "Citation"), pursuant to Section 116650 of the CHSC to the Churn Creek Golf Course
4 (hereinafter "Water System"), for violation of CHSC, Section 116555(a)(1) and California Code of
5 Regulations (hereinafter "CCR"), Title 22, Section 64423.

7 **STATEMENT OF FACTS**

8 The Water System is classified as a transient non-community public water system with a population
9 of eighty served by four connections. The Water System operates under Domestic Water Supply
10 Permit issued by the SCEHD on June 16, 2003.

11
12 CHSC, Section 116555(a)(1) requires all public water systems to comply with primary drinking
13 water standards as defined in CHSC, Section 116275(c). Primary drinking water standards include
14 maximum levels of contaminants and the monitoring and reporting requirements as specified in
15 regulations adopted by the SCEHD that pertain to maximum contaminant levels.

16
17 CCR, Title 22, Section 64421(a)(2) states that each water supplier shall collect routine, repeat and
18 replacement samples as required in Sections 64423, 64424 and 64425. Section 64423 states that a
19 water supplier shall collect routine bacteriological water samples based on the known population
20 served or the total number of service connections, whichever results in the greater number of
21 samples.

22
23 CCR, Title 22, Section 64423.1(c), states that analytical results of all required samples collected for
24 a system in a calendar month shall be reported to the SCEHD not later than the tenth day of the
25 following month.

26
27 As of the date of this Citation, the SCEHD received no results for routine bacteriological samples
28 taken during first quarter of 2019.

DETERMINATION

In accordance with CCR, Title 22, Section 64423, the Water System was required to collect one bacteriological sample during the first quarter of 2019. Therefore, the SCEHD has determined that the Water System has failed to comply with drinking water standards pursuant to CHSC, Section 116555(a)(1) and CCR, Title 22, Section 64423 during the first quarter of 2019.

DIRECTIVES

The Water System is hereby directed to take the following actions:

1. Within 30 days of April 22, 2019 notify all persons served by the Water System of the violation of CCR, Title 22, Section 64423, in conformance with Sections 64463.4(b) and (c) and 64465. Appendix 1: Notification Template must be used to fulfill this Directive, unless otherwise approved by the SCEHD.
 - By one of the following secondary methods to reach persons not likely to be reached by mail or direct delivery;
 - By publication in a local newspaper, by delivery to community organizations or by posting in conspicuous public places served by the water system or on the internet. If the water system opts to issue the notice via internet website, the public notice must remain posted for a minimum of seven (7) consecutive days.
2. Complete Appendix 2: Compliance Certification Form. Submit it together with a copy of the public notification required by Directive 1 to the SCEHD by June 1, 2019.

The SCEHD reserves the right to make modifications to this Citation as it may deem necessary to protect public health and safety. Such modifications may be issued as amendments to this Citation and shall be effective upon issuance.

Nothing in this Citation relieves the Water System of its obligation to meet the requirements of the California SDWA (CHSC, Division 104, Part 12, Chapter 4, commencing with Section 116270), or any regulation, standard, permit or order issued or adopted thereunder.

PARTIES BOUND

This Citation shall apply to and be binding upon the Water System, its owners, shareholders, officers, directors, agents, employees, contractors, successors, and assignees.

SEVERABILITY

The directives of this Citation are severable, and the Water System must comply with each and every provision thereof notwithstanding the effectiveness of any provision.

FURTHER ENFORCEMENT ACTION

The California SDWA authorizes the SCEHD to: issue a citation or order with assessment of administrative penalties to a public water system for violation or continued violation of the requirements of the California SDWA or any regulation, permit, standard, citation, or order issued or adopted thereunder including, but not limited to, failure to correct a violation identified in a citation or compliance order. The California SDWA also authorizes the SCEHD to take action to suspend or revoke a permit that has been issued to a public water system if the public water system has violated applicable law or regulations or has failed to comply with an order of the SCEHD, and to petition the superior court to take various enforcement measures against a public water system that has failed to comply with an order of the SCEHD. The SCEHD does not waive any further enforcement action by issuance of this Citation.
